Descripción general

ExpressMop está diseñada específicamente para su uso EXCLUSIVO con los productos químicos ExpressRefill de Coastwide Professional.

LEA Y COMPRENDA LA HOJA DE DATOS DE SEGURIDAD QUÍMICA Y LA ETIQUETA ANTES DE USAR.

Preparación de la solución de limpieza

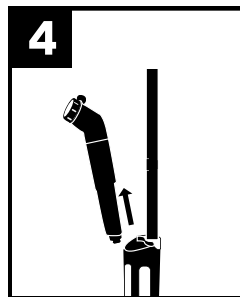

Retire el frasco del soporte. Asegúrese de que la tapa inferior esté ajustada.

Llene el frasco con agua hasta la línea de llenado.

Agregue ExpressRefill al frasco y enrosque la tapa para que entre el producto químico.

Vuelva a insertar el frasco en el soporte.

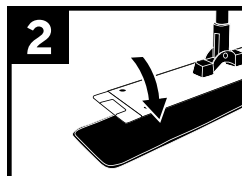

Uso de la mopa

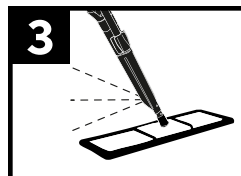

Pruebe previamente la solución de limpieza en superficies pintadas en una zona poco visible para comprobar la resistencia del color.

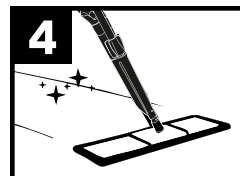

Aspire/barra para eliminar los residuos sueltos.

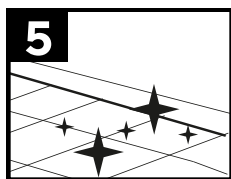

Coloque la almohadilla de microfibra en el cabezal de la mopa.

Aplique el limpiador en la superficie.

Limpie la suciedad.

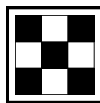

Deje secar al aire.

Vacíe el contenido del frasco antes de almacenarlo.

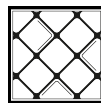

Utilice en:

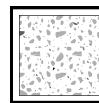

VCT/LVT

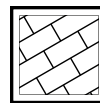

Pisos de madera sellados

Baldosas sin vitrificar

Terrazo

Otros pisos resistentes
